Annual Winter Family Retreat at
Cedar Glen Retreat Centre
in Bolton

A Safe & Welcoming Space

Our nursery for pre-schoolers is staffed by consistent, paid, caregivers each week. Merina Sultana is the mother of two boys who has been with our congregation for more than 5 years. Merina is trained in first aid and has deep experience with caring for pre-schoolers. Our teen helper, Daria Sells, grew up at First.

Our congregation takes the safety and sense of security of children seriously. Each of our adult caregivers has undergone personal reference and police background checks. Our classrooms have glass panels in the doors and there is a dedicated children's washroom in the Spirit Play room. Parents are welcome to stay with their child until their child is comfortable with their surroundings.

Please speak to our Director of Lifespan Religious Education, Angela Klassen, if you have questions or comments.
